ACCORDING TO US...

NOVEMBER 8, 2018

ATTENTION 8TH GRADE STUDENTS

We are getting very excited about the upcoming trip to Washington, D.C., Baltimore, and Philadelphia on May 17 - May 21, 2019. This trip is going to be a blast, and we don't want any of your classmates missing out on this fantastic opportunity! Please help spread the word to any of your friends who might be interested, and have them sign up for the trip before the extended enrollment deadline of December 1, 2018. Please contact Mrs. Dawson for more information.

dawsonm@lockwoodschool.org

On the trip you will have the opportunity to travel with your friends for five days and see the following incredible locations: National Mall, Washington Monument, Petersen House and Ford's Theatre; Jefferson, FDR, and MLK Jr. Memorials; Arlington National Cemetery - Burial grounds for American Military personnel, Changing of the Guard, Tomb of the Unknown Soldier, Robert E. Lee Mansion, and Kennedy gravesites; Iwo Jima Memorial, U.S. Capitol Building, Library of Congress and Supreme Court, United States Holocaust Memorial Museum; Lincoln, Korean, Vietnam, and WWII Memorials; Mt. Vernon - George Washington's home and plantation; Old Town Alexandria - One of the oldest and most historic American cities; Smithsonian Museums, Baltimore Inner Harbor and Fort McHenry - birthplace of the National Anthem; Independence Park Area - Constitution Center, Liberty Bell, Independence Hall, Franklin Court, and the Betsy Ross House.

ISABELL THERRIAULT

By: Karsyn Zander

Isabell Therriault is a 7th grader at Lockwood Eileen Johnson Middle School. She is 12 years old and has a few opinions on Lockwood. She is enjoying 7th grade so far and doesn't think it is as hard as 6th grade. Isabell does not like how there are many homework assignments in 7th grade. She thinks math is the hardest subject because it is the most complicated. Isabell likes the middle school lunches because she thinks they are better than the elementary school lunches. I asked her if she could change one thing about the school lunches what would you change? She said that she would change the freshness of the veggies and make them more fresh and clean. Isabell really likes Lockwood and thinks she has a bright future here.

MISS RYAN

By: Gracelyn Hanson and Kegen Freivalds

THE WORLD OF SEVENTH GRADERS

By: Tayalyn Williams

Hailey Barta is a seventh grader at Eileen Johnson Middle School who likes playing volleyball in her free time. Hailey was born on August eighth in the year 2006. Her favorite food is chicken. She likes choir and her favorite teacher is Mr. Staton, her choir teacher. Her favorite color is lime green. Hailey like playing sports. She plays volleyball, basketball, does gymnastics, and more. Hailey likes seventh grade so far and can't wait to see what seventh grade will bring. In the future she would like to go to the new high school that is being built here.

Miss Ryan, is Lockwood's seventh grade science teacher. We each asked Miss Ryan five questions about her job and how she likes it. Miss Ryan has been teaching at Lockwood Middle school for four years. When asked why she chose to teach science a she said,"That she chose to teach the subject because she really enjoys it." She also said, "The best part about teaching is watching the students grow throughout the years as they go through Lockwood. When asked what is the best part about your day, she replied, Coming into the classroom and just seeing that students are eager to learn. I wanted to know how long she went to college to become a teacher and she said that she went to school for four years. Thank you Miss Ryan for all you do for Lockwood School.

A UNIQUE ADDITION TO EILEEN JOHNSON MIDDLE SCHOOLS STAFF

By: Maddie Skidmore and Allison Paramore

A uniquely enjoyable teacher, Clifton Harry Thomas, is the new 7th grade Language Arts teacher at Eileen Johnson Middle School. His contagious humor will draw you in as you listen to hilarious stories. Although Mr. Thomas seems to have a perfect classroom. He has had many unfortunate events. Some of which was a surprise attack from a dangling spider, followed by a jolt of terror and a very unmanly scream. He has also ripped his pants during a lesson. The most valuable possession he has is his sports jersey; which he says he would gladly bring with him if a fire or evacuation drill occurred. This teacher would rather be teaching "history of sports franchises", but he enjoys his class. When asked if this job was how he expected to be, his replied, "Better!" The moments are so rewarding seeing a concept finally make sense to a struggling student, or watching them stand up for themselves. He plans on keeping this job until he is unable to show up each morning. After that, he plans on collecting Pokémon cards until he is 80 years old. However, as most of the people inside the school agree, Mr. Thomas dislikes standardized testing he "must" direct his students through. But all in all, Mr. Thomas enjoys his job, and is most definitely a favorite teacher among students.

DAMIEN NORRIS

By: Paisley Schwartz

Damien Norris is a 12 year old, 7th grade boy at Eileen Johnson Middle School. He enjoys football, social studies, and science, in which he is looking forward to dissecting frogs later in the year. He is currently playing football for his middle school and he loves it. He loves the challenge it brings and hanging out with his friends during the sport. Damien looks forward to social studies during his school day and likes attending the class. He learns a lot about history and enjoys learning. He also enjoys learning about science and going to science class. He is looking forward to dissecting frogs in science later in the year. The 7th grader started the year off great and is looking forward to having a good time for the rest of it.

ATTENDANCE

Parents, please contact your building secretary and let her know if your child is going to be out of school for any reason. Thank you.

BOO GRAMS
by: **Karsyn Zander**

Halloween means candy! Student Council sold adorable boo grams that made our stomachs grumble. Boo grams were delicious Tootsie Pops disguised as spooky ghosts. Students and staff purchased them for their friends. Sold during lunchtime, each sucker cost one dollar. These adorable Suckers were only sold until October 31st. Ms. Ryan, the 7th grade science teacher and Student Council advisor, at Lockwood Middle School, remembers having Boo Grams when she was in middle school and decided to bring the tradition to Lockwood. This is a fundraiser that goes to the Lockwood Polar Plunge team who are raising money for Lockwood School's Special Olympic Athletes. If you would like to help the athlete's, contact Sigrid Noyd at the middle school, and donate to the Polar Plunge team.

ANOTHER RED RIBBON WEEK
By: **Hannah Frost and Amellia May**

Red Ribbon Week is a week to say NO to DRUGS. To show support for the cause, students and staff of Lockwood School dressed up to show their spirit. Monday was wear red day, Tuesday was tacky tourist day, Wednesday was super hero day, Thursday was pajama day, and finally Friday was pride day where students dressed in school colors. Students all around Lockwood participated in this event. The practice of Red Ribbon Week began after the kidnapping, torture, and murder of a DEA agent in 1985. Enrique or "KiKi" was working undercover in Guadalajara, Mexico for four years when he was murdered. After this murder the angry parents and children across the country started wearing red ribbons to raise awareness for the tragedies caused by drugs. Lockwood shares in this event each year to support the country in the war against drugs. Just Say No!
