## **Superintendent's Agenda Report December 8, 2009**

### **3. Items for action**

#### **A. Approve minutes of previous meeting**

#### **B. Approve bills and wages for November 2009**

#### **C. Hiring Recommendations**

**Kristina Price** as a paraprofessional. She has passed the fingerprint check.

**Artis Brandt** 8th grade volleyball coach. She is a substitute.

**Debbie Strizich** Assistant Business Manager

**Substitutes** see attached list

**Administrative Assistant** If interviews are completed a recommendation will be made.

#### **D. Set tuition rates for New Day students**

The school district is required to process and approve tuition agreements for state/court placements of New Day students. The tuition forms will be sent to the Office of Public Instruction for authorization of the state tuition payments. These funds are used to offset the district portion of the taxes for the general fund, so they reduce the taxes for our community. The final amount is dependent on each student's grade level and number of days attending. Your approval of the tuition agreements is necessary in order to carry out the process. The attached tuition rates are set by the state. The rates cannot be any higher, but could be set lower. I recommend that we use the state rates as indicated on the attachment.

#### **E. Request for out of district approval to attend Lockwood**

The following are recommended

Grade 1	Isaiah French
Grade 2	Keegan McDougall Tre Friedel
Grade 4	Gerry Purcell
Grade 6	Braden Brooks
Grade 7	Calob McDougall.

#### **F. Early information on general fund budget for 2010-2011**

Diane will share some details on the funding for the next school year.

#### **G. Approval of final funding for the projects on the Middle School and Intermediate HVAC**

There is a balance of \$89,021.87 remaining to pay off the complete project of the new Middle School and all the new HVAC operation in the Primary and Intermediate buildings. The following are notes from previous meetings that dealt with the final payment.

Supt. Johnson noted that the wording in the bond ballot said that we cannot use Building Reserve Fund for anything within the original scope of the bond project. We do have General Fund reserves, which could be used.

Trustee Freivalds moved to proceed with the cooling portion of Bid Pack 4 in the Intermediate school, using contingency funds available after reserving \$100,000 for completion of the existing Bid Pack 4 project, One-Time-Only Funds, General Fund, and General Fund Reserves to pay the additional costs. Jason Hamrick seconded the motion.

Considering all that has been accomplished—new building, new HVAC systems in the Primary and Intermediate, cooling in all buildings, and in a time when the interest rates on the bond dropped to the bottom, we are in good shape. My recommendation is to use General Fund Reserves (not Building Reserves) to make the final payment. A budget amendment would have to be passed at the next meeting, paperwork with OPI would be completed and then a payment would be made when everything checks out OK. There currently is \$311,230.14 in General Fund Reserves.

\*\*\*\*Thanks to Pam Malek whose efforts with ExxonMobil made it possible for us to obtain \$2,000 for our school. These funds were used to purchase books, an ELMO, and drums for the music department

The Superintendent's evaluation and consideration of rehire will be on the January agenda.

### **INDIVIDUALS, DELEGATIONS, CORRESPONDENCE**

Teresa Stroebe asked to speak to the Lockwood Board of Trustees about a high school in Lockwood. Teresa is a trustee representing Lockwood on the Billings High School Board.

Mrs. Stroebe advised that School District 2 has formed a Strategic Planning Committee led by Trustees Peter Gesuale and Barbara Bryant and a Planning and Development Committee chaired by Kathy Aragon. These committees will be looking at five-year plans and school boundaries. Teresa believes now is the time to start work on a high school in Lockwood. She is asking for volunteers to serve on the committees. She would like to see the younger families of Lockwood get involved. Teresa also requested support from the Lockwood Board.

Supt. Johnson suggested that Teresa write an article for the Lockwood School Newsletter providing information about the committees and asking for volunteers to serve. Eileen advised that it would probably be more effective to have the committee meet in Lockwood, perhaps in the Blue Room, at an advertised meeting where they could get input from Lockwood people. She also suggested conducting a survey of Lockwood parents and community members regarding having a high school in Lockwood.

Teresa thanked those present for their time and said she would work on some of the suggestions to get volunteers and information to the community.

The school district is required to process and approve tuition agreements for state/court placements of New Day students. The tuition forms will be sent to the Office of Public Instruction for authorization of the state tuition payments. These funds are used to offset the district portion of the taxes for the general fund, so they reduce the taxes for our community. The final amount is dependent on each student's grade level and number of days attending. Board approval of the tuition agreements is necessary in order to carry out the process. The following tuition rates are set by the state. The rates cannot be any higher, but could be set lower. Superintendent Johnson recommends using the 2009-10 maximum state rates as indicated below:

\$485.70 for half-time kindergartners and Pre-K students with an IEP.

\$971.40 for full-time kindergartners and students in grades 1-8.

G. Approval of Final Funding Middle School Building/HVAC Renovation Project

There is a balance of \$89,021.87 remaining to pay off the complete project of the new Middle School and all the new HVAC operation in the Primary and Intermediate buildings.

Superintendent Johnson recommended using General Fund Reserves (not Building Reserves) to pay the balance due after the all Bond and One-Time-Only Deferred Maintenance Funds are used. To do so the Board must approve a budget amendment at the next meeting and applicable paperwork must be filed with OPI. As of June 30, 2009 General Fund Reserves were \$311,230.14.

Mrs. Johnson advised that she had just learned that Northwestern Energy will be giving Lockwood Public Schools a rebate of about \$25,000 to \$30,000 for the lighting retrofit. They provide these funds as an incentive or reward for retrofitting to become more energy efficient. Art Anderson and Eileen will work out the details and get the paperwork filled out to receive the rebate. This rebate can be used to help defray the shortage of funds for the bond project, thus lowering the amount needed from general fund reserves.

Eileen said that after this major building/renovation project our buildings will be in great shape for another 50 years.

Peter Freivalds moved to begin the process of consideration of a General Fund Budget Amendment that would use General Fund Reserves to pay the final costs of the HVAC project. Tamara Spillum seconded the motion. Susanne Vinton, Tim Sather, Peter Freivalds, Jason Hamrick, Becky Malenowsky, and Tamara Spillum voted aye; the motion passed six to zero.

H. Letter of Support for Safe Routes to School from the Trustees

Becky Malenowsky moved to approve the letter of support of Safe Routes to School Grant application. Tim Sather seconded the motion. Susanne Vinton, Tim Sather, Peter Freivalds, Jason Hamrick, Becky Malenowsky, and Tamara Spillum voted aye; the motion passed six to zero.
